

TRULLO ANNUNZIATA

How to find us....

Trullo Annunziata is located in the countryside in between the towns of Ostuni, Ceglie Messapica, San Michele Salentino, San Vito dei Normanni and Carovigno.

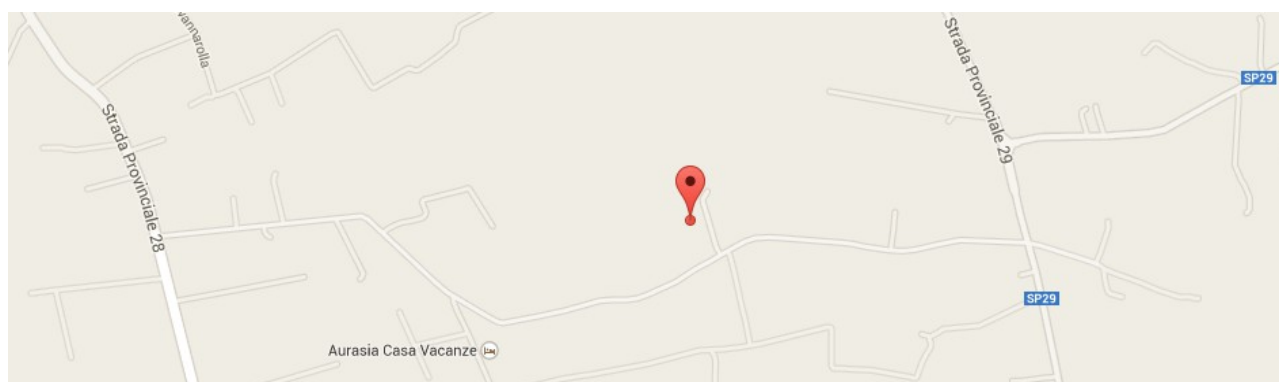

The grid reference is as follows:

40.670679, 17.614394 or 40°40'14.4"N 17°36'51.8"E

You can use this to place in Google Maps or satellite navigation to locate the property.

The property is accessed from one of two roads – the SP29 road from Ostuni to San Michele Salentino; or the SP28 road from Ostuni to Francavilla Fontana. There is a small unclassified road which runs between these two, called '*Contrada Guappi Falghero*'.

SP29 Ostuni to San Michele Saletino Road

If travelling FROM Ostuni, the turning is located c.7km from the town, just after a junction on the left heading to Carovigno. Almost immediately after this junction is a turning on the right, also marked by a large sign for a business called '*Oasi*'.

If travelling TOWARDS Ostuni the turning is on the left about 5km from the San Michele roundabouts. Look out for the large sign to a business called '*Oasi*'.

Once onto this small road, carry on for around 500m. The entrance to the property is on the right, signposted '*Trullo Annunziata*'. Carry on down the drive and the parking area is on the left next to the trullo.

SP28 Ostuni to Francavilla Fontana Road

If travelling FROM Ostuni, the turning is c.7km from the town. Whilst driving along this road, look out for signs to Contrada Albrizio (brown sign) on the right, then Contrada Giovanelli (white sign) on the left, then just after a bend to the right and the road straightens out, the entrance to the road is on the left, with a small brown sign to '*Contrada Guappi Falghero*'.

If travelling TOWARDS Ostuni, it is c.5km from the San Michele roundabouts. Look out for signs on the left to Boccadoro and Casa Vacanza, then shortly afterwards is the entrance to the road on the right, with a small brown sign to '*Contrada Guappi Falghero*'.

Once onto the small road, drive straight for c.300m before bending sharply round to the right (do not take the smaller track going straight on). Carry straight on for about 200m, keeping left when the road forks off to the right. After a sharp bend to the left, continue on for around 200m (you can see the cones of the trullo above the tress just off to your left) and the entrance to the property is on the left, signposted '*Trullo Annunziata*'. Carry on down the drive and the parking area is on the left next to the trullo.

From the Airports

If travelling from either Brindisi or Bari airports, we find the easiest way to reach the property is by leaving the SS379 - the main Bari to Brindisi coastal highway – at Torre Santa Sabina, just after the Ostuni junctions if travelling from Bari, and just after the Spechiolla junctions if travelling from Brindisi.

Head inland to Caravigno and then follow the road signs towards San Michele Salentino. Carry on this road for c.5km, ignoring the turning to San Vito on the left. Once this road reaches a t-junction onto the SP29, turn left then almost immediately turn right where there is a sign for a business called 'Oasi'.

Once onto this small road, carry on for around 500m. The entrance to the property is on the right, signposted '*Trullo Annunziata*'. Carry on down the drive and the parking area is on the left next to the trullo.
